“ *I knew Betty through Napa Valley Needlers, where she was a regular participant and such a nice friendly person to be with. I enjoyed our conversations and all the time she donated to the Needlers. We have and will miss her in our group. Linda Feutz*

PS

“ Betty was my supervisor at Napa State Hospital in the 70's in the combined surgery unit, intensive care, coronary care, and near deaths and community attempted suicides. We had a few laughs in this high risk job. Later I saw her and she had retired after a client had beaten her with a urinal trapped against the metal bedside stand. We got out alive. I'm glad she had a good life after retirement. Pat Simpkins
