

Clinton Roy Pridmore

December 4, 1937 - October 26, 2015

Clinton Roy Pridmore born December 4, 1937 in Napa, California to Joseph Roy Pridmore and Martha Ella (Bartley) Pridmore. He was the fifth generation to be born and raised in Napa, on the family ranch in Capell Valley. He lived, worked, and raised his family on the ranch for the entirety of his life. This legacy has been carried on by his children and grandchildren, which was something he thoroughly enjoyed.

Clint married Nancy Lee Wright on October 12, 1957. They raised three sons, Gil Cory, Kelly Dean, and Darryl Clinton; all whom remained in Napa. They carved a wonderful life out for their family through hard work, perseverance, and ingenuity; starting a general engineering construction business with his brother/ sister-in-law, Pridmore Brothers Construction. Clint and his brother Don played a big part in developing Lake Berryessa and surrounding areas.

Growing up on his family ranch, Clint held a deep appreciation for conservation of land and wildlife. He served on the Resource Conservation District Board for over 30 years, holding the president seat for many terms. Through his lifetime he spent countless hours creating water/ feed sources for wildlife and maintaining access to the family ranch. He taught his children and grandchildren to be caretakers of the land and to enjoy the benefits of spending time in nature.

Clint made many friends throughout the nation through his trapshooting endeavors. He was a champion trap-shooter since the late 1970's with credits in vast circles. This was a sport he enjoyed with his children and grand-children whereby they were able to travel the world from South America, Mexico, Hawaii, Alaska and Europe for events. His love of the sport was passed along through his other passion, hunter safety, of which he instructed generations of students. He was a member of the Martinez Gun Club, and the Napa Gun & Pistol Club through most of his life. He was also a lifetime member of the Safari Club International and many other conservation groups.

Perhaps his greatest accomplishment was instilling his values and sense of family into the three generations that have come during his lifetime. He truly enjoyed his family and watching them grow up in such close proximity. He was able to be apart of his grandchildren's lives and later his great-grandchildren. His nieces and nephews and their children were as much a part of his family and apart of the joy as his own.

Clint is survived by his wife Nancy of 58 years, their three sons Gil (Cathy), Kelly (Susan), and Darryl Pridmore, 7 grandchildren Cori (Casey) Carlson, Cameron (Brenna) Pridmore, Candice (Bill) Howden, Clinton (Alice) Pridmore, Austin (Lacey) Pridmore, Whitney Pridmore, and Joe Pridmore, 8 great-grandchildren; as well as many nieces & nephews, great nieces & nephews, and cousins. As per Clint's wishes, there will be not be a funeral or memorial.

“ *Remembering Clinton goes back to our school days and riding the bus that took us to high school. The route started in the morning at Lake Berryessa, where it spent the night and picked up students all along Monticello Road to Napa Hi. Clinton was one of the students that ended up becoming a driver! Those memories included all the fun we had bonding as forever friends from the hills of eastern Napa May the Lord be with you, Nancy, and all your family as you grieve yet rejoice in the wonderful memory of Clinton and how he impacted the lives of many throughout his life. He was a special man to us and our Class of 55. Sandra Wilson Clark*

Sandra Clark - November 10, 2015 at 01:05 PM

“ During the 1990's, Napa was hit with some large rain storms that caused many slides throughout the Valley. As the engineer/manager of two Lake Berryessa water and sewer districts, we had our hands full stabilizing roadways and side slopes that held our water and sewer facilities in place. Clint and the family were always there regardless of the time of day or weather conditions. They taught me so much about how to maintain and restore such facilities, a knowledge that served me for many years to come. In a sentence, Clint taught me that just about everything could be fixed and even in the worst of conditions. And when the bill came at the end of the work, well it was oftentimes overly generous as he took care of his friends and neighbors! My time working with the RCD Board simply reiterated all I had learned from Clint "in the field." My gratitude to Clint and the "boys" runs deep as does my sympathies to Nancy and the family over his passing! Rest in peace kind soul!

“ Nancy, I am so sorry to hear about Clint. He was such a unique and wonderful man. Hank cared so much for him. You have a long road ahead of you but with the love of your family and friends you will make it. I would say if you need anything call me but I am unable to drive at this time. So I will tell you I am praying for you and your family. I do have a good ear if you need to talk. Who knows, maybe Hank was waiting at the pearly gates to welcome Clint home.

With love and affection,

Karen Gibson.
