“ Gina, we met back in 1980 when Anne Lammers walked me to the locker that you, Lynette and her shared. I quickly moved into that locker the next day. From that day forward we became friends for a lifetime. We cruised the main, we spend summers up in Tahoe, Clearlake and Shasta. Winters up in Tahoe, remember that one time you injured yourself skiing and had to be assisted down the hill from the Ski Patrol? You were not happy. We cruised the main in your silver mustang with the black stripe down the middle and my families orange Vega. We first worked together at King Norman, Kingdom of Toys, Hobbies, Crafts and Pools. We were fired on the same day due to a crazy manager we had, LOL! Then when I got a job at Hauser Shade Co., you joined me a year later and we worked and commuted together for 14 years. So many fun long lunches. I was a bridesmaid in your wedding, sorry never returned the favor by getting married myself and having you do the same honor. We would go dancing pretty much every weekend at Baxters or that place in Lafayette. Remember when I shared my ID and you and Lynette got in with my ID, good lord, the bouncers were bad at looking things over closely. Remember when we went to Pier 39 and would pretend that we were tourists and met those two guys who believed us. As time went on, our lives changed a bit, but we kept in touch at least once a year. I'm sad that health issues took you too soon, but glad to have called you friend for 42 years. I will forever remember the many FUN TIMES we spent together and am thankful for the laughs. Glad we had some good talks the last couple of times we talked. I wish I had the answers to creating a happier, simpler life, just thankful we tried to figure it out together. Sharing some pictures that I had scanned many years ago. I have a lot more, but my picture box is tucked away. Thank you for the friendship. Love, Spare Parts

“ Dear Gina,

I will miss you forever!

There are no words to describe the loss

I am feeling right now.

Our, sometimes daily, hour long phone calls, the nights we spent together on my visits, the laughs we had and the constant sharing of BLT's in your local cafe.

We have had years of great times but these last years, I spent with you, were the years that you filled up most of my life.

I was honored to be there for you during your struggles and I wish today that I could have done more but, I also want you to know, that you were also there for me more than you could have known.

It is obvious by the immense sadness I feel right now and the thought that I won't have you when I need you.

We played around when we heard the song 'See You Again' and I even have a video with us both dancing to it. Never did I expect it would become a harsh reality so soon. A song written because someone lost a best friend.

We ended every call with 'I love you and best friends forever' so I am glad they were our last words!

Rest In Peace my friend.
