“ *To Phil's family and friends,
I am saddened by Phil's passing. He was a great motivator and moral standards bearer for countless hundreds of young people as he managed the worlds greatest county fair. He was a friend to all and really funny guy. (I once saw his rendition of Carnack,the great).The fair industry has lost a great mentor. May God bless Phil and all his friends.

“ God speed Cousin Phil. I will always have my memories of our summers together with family in Ogden. We had some great summers, going to camp Lamonda, fishing, hiking, getting in trouble teasing our sisters, going to Granny Daily's so many things we did. I regret not keeping in touch thru the years. But I will try my best to stay in touch with your Mom she was always my second Mom, My Aunt Mona Love her so and your sister Peg is always in my heart, who knows maybe I might see Brian someday!
Rest Peacefully

LH

I am sorry to hear of Phil's illness and untimely passing. I often called upon him and his associates for assistance with issues regarding usage of assessment tools. We lost touch after he left Sacramento. I'll always remember him as a person with a quest to do the right thing. The world needs more people like Phil. My sympathy to his family.
