

Robert "Bob" Wayne Amundson

November 17, 1949 - January 6, 2023

Robert "Bob" Wayne Amundson, 73, of Napa, CA, passed away in the comfort of his home with his family on January 6th after a quiet and brave three-year battle with metastatic liver cancer.

He was warmly welcomed home to Heaven's gates by his father, mother, sister, and several friends that predeceased him.

Bob is survived by his love of 44 years, Jean Peters; their daughter, Ashley Amundson Harry; son-in-law Thomas Harry; and his beloved dog Rowdy. Prior to his passing, Bob's main drive in his life was to provide for his family. He became a business owner at the age of 19 after his father's passing and continued to be a dedicated and successful business owner in the kitchen design and cabinet sale industry for 54 years.

When he had free time he enjoyed fly fishing and traveling the world in his younger years. In more recent years, he enjoyed bird watching, yard work in his favorite backyard overlooking the wetlands of Napa, and most importantly spending time with his family.

Bob's family would like to thank his team of doctors and caregivers on his behalf. He was grateful to be in such caring and skillful hands.

Tribute Wall

LS

“ *Wow! A life well lived and a life worthy of highest esteem. A great friend, father, husband and fisherman! I have no doubt that you and Andy are enjoying each other and watching over us!* ”

LG

“ *We have many wonderful memories of Bob. We spent many weekends together when he had his boat up on the Delta. As a matter of fact, that's where I introduced him to Jean. I believe it was love at first sight because they've been together ever since that first weekend up on steamboat Slough!* ”
